

**International Technical  
Electric & Construction**

**Lineman Needed**  
You're being "called out"

Experience the satisfaction of making a life-changing difference.

Use your skills to help install or improve the electrical infrastructure at Hospitals, Schools, Orphanages, or Mission stations Worldwide.

We rely on professional volunteers.

**You are the missing crew member in our "tailboard"!**

To learn more about how to volunteer your professional skills and make a difference worldwide, call 570-433-0777 or visit [www.itec.org](http://www.itec.org) and complete a volunteer form.

No matter where you are in the world, it's all about teamwork.

Macha Zambia, Southern Africa

**Mission Statement**

I-TEC is a non-denominational ministry utilizing volunteers to meet the technical needs of missionaries and not-for-profit organizations worldwide and to actively support local and international disaster relief.

Galatians 6:10

*"Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers."*
