

Christmas.....It really is ALL about Jesus.

The remaining 364 days each year are still.... ALL about Jesus!!!

Everything we do at I-TEC is-- ALL about Jesus and partnering with missions worldwide who are active in sharing Christ with those who have never heard or understood the fact that Jesus paid for THEIR sin and set them FREE!!!

This Christmas Season, we want to **thank all of you** who understand the importance of a SUPPORT MINISTRY like I-TEC, as we provide opportunities for men and women to use their skills and gifts specifically to enable others to share Christ. Bible translators, Doctors, church planters, teachers in Christian schools and orphanages, are NOT electricians. I could show you a file full of pictures that would scare you just looking at the results when this happens out of necessity.

We feel blessed to be a part of the Great Commission with hands and feet doing the critical power installations. As you support I-TEC, our full time associate team or our volunteers, you too are a part of seeing the gospel shared worldwide.

If God is nudging you to be part of a team next year, you will be blessed and you may just have an experience of a lifetime!

Projects on the board for 2019

1. 1st quarter—Haiti Young Life -Solar and electrical wiring inside and out.
